FOR IMMEDIATE RELEASE

Town of Kindersley Unveils New Website

The Town of Kindersley is pleased to announce the official launch of its new website (www.kindersley.ca).

While the domain name remains the same, the look and accessibility to information has been dramatically updated and improved. We hope our efforts will create better communication between the Town and the public as we strive to provide a consistent and reliable source of up-to-date information regarding Town operations and the community of Kindersley in general.

New to our website is a search feature which will allow online visitors to peruse all available content and documents to find what they are looking for. The site, designed and hosted by CivicPlus, also has a wealth of drop-down menus, quick links, and navigational features which make accessing information more efficient and enjoyable. The “Notify Me” button allows visitors to sign up for regular updates on event listings, program information, and other items of interest posted by the Town.

“The Town is very excited to launch this new website,” stated Sherry Magnuson, Town CAO. “Websites have become the first point of contact for visitors and residents when seeking information and providing feedback. We want the website to be user-friendly and information will be continually added to the site. We believe this website will better convey the “look and feel” of Kindersley, and in so doing, attract more visitors, new residents and even new investment to our community.”

Please visit our site and offer us your feedback. If you have not frequented our website before, please consider this your invitation take a look and make www.kindersley.ca among the web pages you access regularly.
